Skills

Languages: Python, C++, JavaScript, C, PHP
Frameworks: HTML and CSS, NodeJS, React
Tools/Platforms: MongoDB , Git, GitHub, LeetCode
Soft Skills: Problem-Solving Skills, Time Management, Adaptability

Projects

Smart-Irrigation-Platform | Github | Live Nov' 25

- Architected and deployed a full-stack irrigation platform connecting farmers and service providers with **secure authentication, proposal workflows,** and **crop-based service.**
- Designed a scalable architecture integrating frontend, backend, and database layers with **robust validation** and **structured error handling**, **enabling future IoT integration**.
- Delivered a production-ready system that **streamlined coordination**, **improved operational efficiency** and **laid the groundwork** for smart agriculture expansion.
  Tech: React, Node.js, Express, MongoDB

Community Garden Platform-Website | Github | Live Apr' 25

- Built a community gardening web platform enabling members to **coordinate activities** and **manage shared resources** through an intuitive, **responsive interface**.
- Programmed server-side functionality using PHP, **ensuring efficient data processing**, **smooth page interactions**, and a **well-structured modular codebase**.
- Launched a fully operational website demonstrating practical full-stack capability with clean **UI design** and **reliable backend integration** (HTML, CSS, PHP).
  Tech: HTML, CSS and PHP

Ace-Fash – Ecommerce website | Github | Live Nov' 23

- Developed a static e-commerce website featuring responsive product pages, **structured category sections**, and **visually engaging homepage banners** using HTML and CSS.
- Created reusable styling components for **uniform and maintainable UI design**.
- Produced a polished user interface that **enhanced visual appeal and usability** while showcasing strong frontend development fundamentals.
  Tech: HTML and CSS

Training

Certificate of Merit – Python Dynamics: From Algorithms to AI | Certificate Jul' 25
Centre for Professional Enhancement, Lovely Professional University.

- Completed "Python Dynamics: From Algorithms to AI" with A grade.
- Earned a Certificate of Merit for excellence in Python programming and AI fundamentals.
- Gained foundational knowledge in Artificial Intelligence, specifically focusing on the progression from basic programming to AI-driven applications.
- Learned to break complex problems into clear step-by-step solutions before writing code.

Certificates

Build Generative AI Apps and Solutions with No-Code Tools | Udemy Aug' 25
ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM | Infosys Springboard Aug' 25
IBM – Introduction to Hardware and Operating Systems | Coursera Sep' 24
Google – The Bits and Bytes of Computer Networking | Coursera Sep' 24

Achievements

Created 3 production-ready websites with smooth performance | Portfolio Feb' 26
Runner-up in online Web-dev Hackathon | Certificate Mar' 25
Completed Introduction to Front-End Development by Meta | Coursera Feb' 24

Education

Lovely Professional University Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.82*** *Aug' 23 - Present*

Kendriya Vidyalaya No.1 AFS GKP AFS Campus, Gorakhpur
Intermediate; ***Percentage: 69%*** *Apr' 21 – Mar' 22*

Kendriya Vidyalaya No.1 AFS GKP AFS Campus, Gorakhpur
Matriculation; ***Percentage: 72%*** *Apr' 19 – Mar' 20*
